

**Workshop on Machine Reading for Question Answering (MRQA)  
Invitation to Sponsor the Workshop  
In 2019**

Workshop on Machine Reading for Question Answering (MRQA) provides a meetup for students and researchers interested in understanding and improving methods for question answering (QA) from the text. The first workshop was held last year (co-located with ACL 2018 at Melbourne, Australia) and attracted 99 paying attendees. This year, MRQA will be co-located with EMNLP 2019 in Hong Kong (3-7 November), along with Shared Task.

This document summarizes the sponsorship opportunity at MRQA this year. Further information on the sponsorship opportunity can be obtained by contacting [mrforqa@gmail.com](mailto:mrforqa@gmail.com) or any of the organizing committee members listed below.

**Sponsorship Amount:** \$3,000 USD

**Benefits:**

- Verbal acknowledgment at the start and the end of the workshop
- Acknowledgment and hyperlinks on the website (<https://mrqa.github.io>)
- Advertisement in the program booklet
- Opportunities to place company-related goods at the site

**Organizing Committee:**
